

SECTION 4 - PERIODIC SURVEILLANCE

Periodic surveillance of each building with ACBM or assumed ACBM shall be conducted in accordance with 40 CFR 763.92 at least every six months. A copy of the surveillance form for each school can be found in the most recent re-inspection report.

The head custodian shall do the six month surveillance in his/her school; surveillances at buildings other than schools are completed by the District Environmental Safety and Health Specialist. All persons conducting six month surveillances shall have, at a minimum, 2-Hour Asbestos Awareness Training.

Each person performing periodic surveillance shall:

1. Visually inspect all areas that are identified in the management plan as ACBM or assumed ACBM.
2. Record the date of the surveillance, his or her name, and any changes in the condition of the materials.
3. Place the six month surveillance form in the school's Management Plan.
4. Submit a copy of the six month surveillance to the ES&H Specialist for inclusion in the school's District maintained Management Plan.

Only the last three years surveillances are kept in the Management Plan. Surveillances for previous years are kept in the District Environmental Safety and Health Specialist's office.
