

Temple View Elementary

We are starting a new program this fall to allow families the opportunity to become meaningfully involved in their child's education, while helping to maintain safety in our school. The program is called Schools and Families Engaged or S.A.F.E. The total time commitment for each volunteer is one day per school year. We are asking for one adult volunteer from each family. Watch for more information at Parent Teacher Conferences!

Click the S.A.F.E. button below to sign up.
