2019 Maeck Family Foundation Grant Application Guidelines

For years, the William J. and Shirley A. Maeck Family Foundation has awarded tens of thousands of dollars in grants to enhance the learning experience of students in Idaho Falls School District 91.

Grants are awarded to individual elementary, middle, high school teachers/principals or district-wide programs and projects to enhance classroom learning.

- Grants can be requested for classroom supplies, innovative learning materials and other special resources.
- In recognition of Bill Maeck's love of science, grants that support science, technology, engineering and math are especially encouraged.
- Grants that address the unique challenges of special needs students are also encouraged.
- Please note: Grants are seldom awarded for routine classroom technology such as ipads, chromebooks, etc.
