<sup>1</sup> These classes are graduation requirements. They are suggested for sophomores but can be taken during the junior or senior year.

\* Science is recommended for juniors, but it is not required.

\*\* Math in the 11<sup>th</sup> grade is highly recommended but not required.

\*\*\*Students are required to take at least two math credits during their last year of high school.

-----The State Board has passed a new rule, effective with the Class of 2016, that students take two online classes to graduate.-----
