We would like to welcome our new Officer to Eagle Rock. Officer Reed. He is new to our school, but not new law enforcement. Here is a little bit about him "I have been in law enforcement for almost 7 years. I have been on patrol with the IFPD for 5 years. I am an Idaho P.O.S.T. Defensive Tactics instructor and also a Taser instructor. I joined the United States Navy out of high school, and I was an aircraft mechanic. I specialized in egress and safety equipment. This included ejection seats, pressurization systems and environmental control systems. I moved back to Idaho after the Navy and I knew I needed to be in a field that helped people. I got my Emergency Medical Technician certificate and I worked part time for the fire dept. for 4 years. During this time, I also went to college and received a degree in Fire Science. I had always had an interest in law enforcement and decided that was maybe the best fit for me. I got hired with IFPD and I have been happy ever since. I am very excited to be working in the middle schools. I look forward to keep your school safe and be a safe resource for everyone here. I hope school is going good and my office is always open"~ Officer Reed
