Happy October Bronco Family- If you were not able to attend our Title 1, parent information meeting here is a link to view the presentation.

Please take a moment to answer the questions at the end to help us know what our families need. This is the link to the questions.

October is anti-bullying month and an opportunity to talk with your children about kindness.

Scan the code to the right for a great resource for families to be able to discuss what bullying is and how to prevent it.

What Is Bullying

Bullying is unwanted, aggressive behavior among school-aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. Both kids who are bullied and who bully others may have serious, lasting problems.

In order to be considered bullying, the behavior must be aggressive and include:

- An Imbalance of Power: Kids who bully use their power—such as physical strength, access to embarrassing information, or popularity—to control or harm others. Power imbalances can change over time and in different situations, even if they involve the same people.
- Repetition: Bullying behaviors happen more than once or have the potential to happen more than once.

Bullying includes actions such as making threats, spreading rumors, attacking someone physically or verbally, and excluding someone from a group on purpose. (Excerpt from: <https://www.stopbullying.gov/bullying/what-is-bullying>)

Counselor's Corner

BY MELISSA MCCONELL, COUNSELOR

This month at A.H. Bush Elementary students are continuing to understand the impact they can have with themselves, each other, families, and teachers by making positive choices. Students will continue to learn about the CHOICES program, with a focus on Boundaries this month. Teaching students to have personal and social boundaries to create opportunities to build positive relationships. The younger grades will focus on maintaining their own personal space while the older students focus on setting boundaries with their friends and creating personal expectations.

Our fifth and sixth-grade students have the opportunity to participate in the Community Youth in Action afterschool program. The program is available at no cost to the students or their families and provides students with transportation, snacks, dinner, homework help as well as enrichment classes. If you are interested in your 5th or 6th-grade student participating in this program feel free to contact me at Bush or by email at mccomeli@sd91.org or reach out directly to the program coordinator for CYA at laura@cyaidaho.org.

Here at Bush, we look forward to continue creating a positive school culture that focuses on the impact of making positive choices!

Birthdays

We ask that all birthday treats are store bought and individually wrapped. This is an additional COVID-19 precaution we are taking in order to stay in school and continue celebrating birthdays. We've included pictures of some great options.

Riddle Challenge Answer:

Because they have no body to dance with.
